The Unceasing terms or some Whatever we may think of the rights and wrongs of the laboring man, there is no question raised as to the hardships en-dured by the tens of thousands of personwho, either through ignorance or weak-ness, are unable to do more than keep soul and body together by unremitting toil of the most hopeless description. The richer New York has grown the larger and more hopeless is this class of people who work by the piece at manufacturing various articles in their tenements. It is perfectly well known that at least 10,000 women and girls in New York city, labor ing at the manufacturing of cheap clothes women's underclothing, etc., sixteen hours a day, and sometimes seven days a week, are paid less than \$3 for their week's work, out of which sum they have to pay the rent of their rooms, their food and

clothing and the rent of the machine There are whole communities of people dwelling on the east side of New York to whom rest and pleasure are unknown quantities; the life of men, women and from childhood to old as The tene ments they live in rock with filth, the air is foul, the labor begins at daylight, and goes on until the poor wretches sink down exhausted upon their piles of rags. The many pictures which appears in the news-papers of the awful squalor and toil among the east side tenements are no exaggeration. All thinking people agree that something ought to be done. In all probability many deaths attributed to heart disease are caused by these terrible diseases, which are far more dangerous than is generally considered. Is there any positive cure? The best answer to such a question is given by those who have been cured by

most a constant sufferer from inflammatory rheumatism of the most acute form. At the was in a most helpless condition; her suffering could well be termed torture; she was confined to her bed for many weeks, nothing we had done gave her any relief. My father was almost discouraged and disheartened fearing there never would be any relief for her. Not knowing what to do next be came to town, going to Mr. Richey's drug store, to town, going to Mr. Richey's drug store, he said he must have something that would at least give her relief. Mr. Richey spoke of Athlophoros and told my father to go and see Josiah White about his use of it. Mr. White spoke highly of the medicine and advised my father to get a bottle and try it, which he did. After taking a few does mother began to get relief, after she had used two bottles she was up and around and in a weeks time she came down town. How long had she been afflicted with this rheumatism? For sixteen years, of course it would be better and worse at different times. How much did she use in all? was asked. I think about three bottles."

### **CLEVELAND'S** SUPERIOR BAKING POWDER DOES NOT CONTAIN LIME, AMMONIA, OR ALUM.

Cleveland's Superior Baking Powder, manufactured by Cleveland Brothers, Albany, N. Y., is absolutely pure and wholesome. It is made only of strictly pure Grape Cream of Tartar, Bicarbonate of Soda, and a small portion of wheat flour, and does not contain Ammonia, Alum, Lime, or any adulteration whatever.

The Cream of Tartar is refined by a new process which frees it entirely from lime and every impurity, and is obtained in the pure crystals and ground in their own factory; the Bicarbonate of Soda is prepared expressly for them; and to ensure uniform and absolute purity of their baking powder all the ingredients are subjected to searching chemical analyses and none used unless proved to be

In confirmation of the above the able and reliable chemists of the

New York Produce Exchange report as follows: "We are analyzing all the Cream of Tartar used in the manufacture of Cleveland's Superior Baking Powder, and we hereby certify that it is practically chemically pure-testing as high as 99.95 per cent. and not less than 99.50 per cent.

"From a hygienic point of view we regard Cleveland's Superior Baking Powder as the ideal baking powder, composed as it is of pure Grape Cream of Tartar and pure Bicarbonate of Soda.
